

Controls

Remote control

Dual top mount remote control R/H PTT

06240-ZW5-U60

- Dual engines, forward/reverse levers, throttles, fast idle, trim/tilt switches, right hand trim operation, drilling dimension 140x110MM

Application: BF40 to BF225

Dual top mount remote control L/H PTT

06240-ZW5-U70

- Dual engines, forward/reverse levers, throttles, fast idle, trim/tilt switches, left hand trim operation, drilling dimension 140x110MM

Application: BF40 to BF225

Single top mount remote control R/H PTT

06240-ZW5-U40

- Single engine, forward/reverse lever, throttle, fast idle, trim/tilt switch, right hand trim operation, drilling dimension 140x65MM

Application: BF40 to BF225

Single top mount remote control L/H PTT

06240-ZW5-U50

- Single engine, forward/reverse lever, throttle, fast idle, trim/tilt switch, left hand trim operation, drilling dimension 140x65MM

Application: BF40 to BF225

Controls

Remote control

Panel/flush mount remote control R/H PTT

06240-ZW7-U00

- Single engine, forward/reverse lever, throttle, fast idle, neutral lock, trim/tilt switch, right hand trim operation, drilling dimension 140x88MM

Application: BF40 to BF225

Panel/flush mount remote control L/H PTT

06240-ZW7-U10

- Single engine, forward/reverse lever, throttle, fast idle, neutral lock, trim/tilt switch, left hand trim operation, drilling dimension 140x88MM

Application: BF40 to BF225

Side mount remote control box

24800-ZW9-830

- Key switch, oil pressure/engine temp warning light, emergency stop switch, fast idle lever, neutral lock and detachable 16' main harness, port or starboard mounting, can be mounted in pairs

Application: BF8B / BF8D / BF10B / BF10D

Side mount remote control (without power tilt switch)

24800-ZY1-812

- Key switch, oil pressure/engine temp warning light, emergency stop switch, fast idle lever, neutral lock and detachable 16' main harness, intended for non power tilt models port or starboard mounting, can be mounted in pairs

Application: BF8D2 / BF8D4 / BF10D2 / BF10D4 / BF15D3 / BF20D3

Controls

Remote control

Side mount remote control PTT (with Power Tilt Switch)

24800-ZY1-875

- Key switch, tilt switch, oil pressure/engine temp warning light, emergency stop switch, fast idle lever neutral lock and detachable 16' main harness, port or starboard mounting, can be mounted in pairs

Application: BF15D3 / BF20D3 Type SRTU, LRTU, XRTU

Side mount remote control AT

24800-ZW4-H04

- Gas assist tilt type without Power trim tilt switch on the control lever (without choke function in the lever)
- Port or starboard mounting, can be mounted in pairs

Application: BF25D4 to BF50A4

Side mount remote control PTT

24800-ZW4-H13

- Power trim tilt type with Power trim tilt switch on the control lever (without choke function on the lever)
- Port or starboard mounting, can be mounted in pairs

Application: BF25D / BF30D / BF40A4 / BF50A4 / BF90DK0 / BF115A2 / BF130A2 / BF135A4 / BF150A4 / BF175A3 / BF175A6 / BF200A6 / BF225A6 / BF75DK0 to BBAJ-1004818 / BF90DK0 to BBCJ-1014202

Side mount remote control AT

24800-ZV5-020

- Key switch, oil pressure/engine temp warning light, emergency stop switch, choke/fast idle lever, neutral lock and detachable 16' main harness, intended for non power trim/tilt, models port or starboard mounting, can be mounted in pairs

Application: BF20A / BF25A / BF30A / BF35A / BF40A / BF40AX / BF40B / BF40AX / BF45A / BF50A / BF50AX

Controls

Remote control

Side mount remote control box PTT

24800-ZW1-010

- Key switch, trim/tilt switch, oil pressure/engine temp warning light, emergency stop switch, choke/fast idle lever, neutral lock and detachable 16' main harness, intended for power trim/tilt, models port or starboard mounting, can be mounted in pairs

Application: BF40A / BF40AX / BF40B / BF40BX / BF45A / BF50A / BF50AX / BF75-BF90 A1/ A2 / AT / AV / AX

Side mount remote control box PTT

24800-ZW1-030

- Key switch, trim/tilt switch, oil pressure/engine temp warning light, emergency stop switch, choke/fast idle lever, neutral lock and detachable 16' main harness, intended for power trim/tilt, models port or starboard mounting, can be mounted in pairs

Application: BF75A2 / BF90A2

Side mount remote control box PTT

24800-ZW5-621

- Key switch, trim/tilt switch, oil pressure/engine temp warning light, emergency stop switch, fast idle lever, neutral lock and detachable 16' main harness, port or starboard mounting, can be mounted in pairs

Application: BF115-BF130 AX / A1 / A2

Side mount remote control box PTT

24800-ZZ5-020

- Key start/PTT/Emergency stop switches, 4 light control panel (Oil pressure/Overheat/PGM-Fi & ACG Alert),
- Port or starboard mounting, can be mounted in pairs
- Main wire harness not supplied
- (See Pre Rigging section)

*Application: BF40/50D, BF60A/BFP60A
BF75DK0 from serial no BBAJ-1004819
BF90DK0 from serial no BBCJ-1014203
BF175/200/225AK1*

Controls

Conversion kit

Emergency engine stop lanyard

36182-ZV4-650

- Plastic lanyard, attaches engine stop switch to operator, fits all AM and subsequent models (after 1990)

Application: BF2 to BF225

Emergency engine stop lanyard

36182-ZV4-000AH

- Plastic lanyard, use with all original Honda key Switch panels and stop switches
Uses the Honda type clip, Silver collar with float

Application: BF2 to BF225

Remote Control Bracket Kit

06170-ZV1-812

- Connects steering link arm and shift/throttle cables

Application: BF4.5 / BF5 / BF50F

Remote Control Bracket Kit

06170-881-812

- Connects steering link arm and shift/throttle cables
Requires 2 end pivot kits 32392-881-002AH

Application: BF6A / BF8-A-B-BX / BF75-BF100-A-B-C-D-E-F

Controls

Conversion kit

Cable end pivot kit for remote control bracket kit

32392-881-002AH

- For remote control bracket kit 06170-881-812

Tiller Handle Kit

06533-ZW2-F53ZA

- Key start/PTT/Emergency stop switches, 2 light control panel (Oil pressure/Overheat), Gear shift lever, Throttle friction control, 3 step angle adjustment

Application: BF25D4 / BF30D4

Tiller Handle Kit PTT

06533-ZZ5-303ZA

- Key start/PTT/Emergency stop switches, 4 light control panel (Oil pressure/Overheat/PGM-Fi & ACG Alert), Gear shift lever, Throttle friction control, 3 step angle adjustment

Application: BF40D / BF50D

Controls

Conversion kit

Tiller Handle Kit AT

06533-ZZ5-403ZA

- Key start/Emergency stop switches, 4 light control panel (Oil pressure/Overheat/PGM-Fi & ACG Alert), Gear shift lever, Throttle friction control, 3 step angle adjustment

Application: BF40D / BF50D

Tiller handle kit

06533-ZW4-H06ZA

- Key start/Emergency stop switches, 2 light control panel (Oil pressure/Overheat), Gear shift lever, Throttle friction control, 3 step angle adjustment

Application: BF40A4 / BF50A4

Tiller handle kit PTT

06533-ZW4-H46ZA

- Key start/PTT/Emergency stop switches, 2 light control panel (Oil pressure/Overheat), Gear shift lever, Throttle friction control, 3 step angle adjustment

Application: BF40A4 / BF50A4

Tiller Handle Kit

06533-ZZ3-A40ZA

- Key start/PTT/Emergency stop switches, 4 light control panel (Oil pressure/Overheat/PGM-Fi & ACG Alert), Gear shift lever, Throttle friction control, 3 step angle adjustment
- BF60/BFP60 equipped with Trolling Control switch

Application: BF60A / BFP60A

Controls

Conversion kit

Tiller handle kit PTT

06533-ZY9-B26ZA

- Key start/PTT/Emergency stop switches, 4 light control panel (Oil pressure/Overheat/PGM-Fi & ACG Alert), Gear shift lever, Throttle friction control, 3 step angle adjustment

Application: BF75DK0 / BF90DK0

Conversion kit: tiller handle to remote control

06532-ZW9-000HE

- Kit to convert a tiller handle outboard to a remote control type
- Kit does not include a remote control box and cables nor allow steering of the boat
- Part: 24221 ZW9 000 (1 piece) needs to be removed from the engine to facilitate gear shifting
- Remote control box and transom bracket to be sourced separately

Application: BF8D and BF10D

Conversion kit: tiller handle to remote control

06532-ZY0-000HE

- Kit to convert a tiller handle outboard to a remote control type
- Kit does not include a remote control box and cables nor allow steering of the boat
- Part: 24221 ZW9 000 (1 piece) needs to be removed from the engine to facilitate gear shifting
- Remote control box and transom bracket to be sourced separately

Application: BF15D and BF20D

Controls

Steering

Steering plate

53234-ZW9-830

- Intended for twin rigging or hydraulic steering fitting, additional mounting hardware required

Application: BF8D to BF20D

Steering plate

53234-ZV7-781

- Intended for twin rigging or hydraulic steering fitting, additional mounting hardware required,

Application: BF25, BF30

Steering plate

53234-ZZ3-000

- Intended for twin rigging or hydraulic steering fitting, additional mounting hardware required,
2 plates required for twin engine installation

Application: BF60A, BFP60A

Steering plate

53234-ZW1-010

- Intended for twin rigging or hydraulic steering fitting, additional mounting hardware required,
2 plates required for twin engine installation

Application: BF75, BF90 A & D type

Steering plate

53234-ZW5-010

- Intended for twin rigging or hydraulic steering fitting, additional mounting hardware required,
2 plates required for twin engine installation

Application: BF115, BF130

Controls

Steering

Steering tube seals (anodised aluminium)

50899-ZV5-000AH

- Integral o ring to prevent dirt and water entry
- With greasing point

Application: BF8D to BF50

Steering tube seals (stainless steel)

50899-ZV5-020AH

- Integral o ring to prevent dirt and water entry
- With greasing point

Application: BF8D to BF50

Stainless steel dual engine tie bar

53520-ZV7-U00

- Right/left threaded ends enabling easy adjustment without disconnecting
- Stainless steel construction
- Minimum length 45CM/maximum length 60CM

Application: BF20 to BF90

Stainless steel dual engine tie bar

53520-ZV7-U10

- Right/left threaded ends enabling easy adjustment without disconnecting
- Stainless steel construction
- Minimum length 57CM/maximum length 72CM

Application: BF20 to BF90

Controls

Steering

Stainless steel dual engine tie bar

53520-ZY3-U00HE

- Right/left threaded ends enabling easy adjustment without disconnecting
- Stainless steel construction
- Minimum length 30CM/maximum length 96CM

Application: BF115 to BF225

Steering Link Rod (50 degree steering option)

06531-ZZ3-000

- Allows up to 50° steering angle (euro std 30°) on applicable boats resulting in a reduced turning circle.
- Remote control types

Application: BF60A, BFP60A
