## NMEA 2000 (N2K) T connector & Terminators

**Description**

T piece connectors and terminators to be used for

- Creation of CANbus network
- Expansion of existing CANbus network

## NMEA 2000 (N2K) CANbus Network Components

- Description**
- Extension cables
  - 12 volt power lead
  - NMEA 2000 Starter kit
- NMEA 2000 extension cables are designed to extend the CANbus network, not for the engine drop cable

## NMEA 2000 Fuel tank sender adaptor kit

Part Number
06385-ZX2-000HE

- Description**
- High ±1% Accuracy
  - Low cost
  - Suits 0-180 and 240-30 Ohm Senders
  - Fuel, Freshwater, Wastewater, Oil,
  - Live Well or Blackwater
  - Up to 16 tanks of each type
  - Robust Aluminium Construction sealed to IP67
  - Easy to Install
  - Simple switch setup with no extra display required
  - Under 50mA Power Usage
